TD - Theatrical	014344	Fault	Contract Print	HK	4761	Low	Contract: Hong Kong Contract, MG value visible if applicable
TD - Theatrical	014318	Fault	Booking	ES		Low	Booking: Split booking: No error will occur anymore when splitting a booking with amounts from the third time onwards.
TD - Theatrical	014424	Fault	Booking	ES		Low	Figure Status is now set properly in booking when using batch figures.
TD - Theatrical	014319	Enh.	Booking Report	DE		Low	Booking Report: Added new report: Figures Ranking Report. Ranks the summed rental amount of invoiced bookings. Bookings are grouped by cinema, by city or by branch.
TD - Theatrical	014332	Enh.	Invoicing	ALL		Low	Invoice: Option 5820 added to set to default the invoice date to the end play date or last play date of the booking when it is a bookings invoice. For other invoices the invoice date still takes it's default value from option 5275. Also the fiscal period is checked so when the default invoice date is in a closed fiscal period the invoice date is set to the next open period.
TD - Theatrical	014346	Enh.	Invoicing	ALL		Low	Invoice: Option 5821 added to set the invoice date of a credit note to the invoice date of the original invoice.

TD - Theatrical	014134	Enh.	Prints	BR	4698	Low	Booking / Contract Explorer, Continuation and Holdover Report: print id list is now also filled with prints which may not cover the booking completely.
TD - Theatrical	013599	Enh.	General	ALL		Low	Product / Account - Added a default account with code = 'none' which is NOT a bankbook. When creating a product this account will be used as default value. In the past the account with code = '0000' was used, but this account is used as a bankbook by a lot of customers and therefor it is not suitable as default value. In product the values '0000' will be updated to 'none'.
