

Project	Request	Type	Category	Country Reference	Description
MB - P.B.	012407	Enh.	Invoicing	NL	OCW / BUMA / NVF invoicing: Only invoices with content_type = "film" are used.
MB - P.B.	012348	Enh.	Booking Report	BE	Report figures by day: first Wednesday and last Thursday column made visible
MB - Web	012782	Enh.	Booking Report	NL	Sorting possibility enhanced for reports by showing a "hand"-cursor when the mousepointer is on the header-item
MB - P.B.	013428	Enh.	Title	NL	Boxoffice/admissions column now represent the total for the selected period. New columns cumulative boxoffice/admissions represent the running total for a title.
MB - P.B.	013429	Enh.	Booking Report	NL	The drop off% percentage issue in daily reports originated from the unsorted data in GBO/BOR files. By solving the sort (issue 13356) this issue is also solved.
MB - P.B.	012426	Enh.	Booking Report	NL	The drop off% percentage issue in Top 20 report originated from the unsorted data in GBO/BOR files. By solving the sort (issue 13356) this issue is also solved.
MB - P.B.	013356	Enh.	Interface	ALL	GBO/BOR datafiles were not always sorted according to the interface specification. The process now includes a sort prior to the processing. GBO/BOR data within 1 file are now handled as a being the complete set for a show.
MB - P.B.	011620	Enh.	Booking Report	NL	Release History Report: When selecting a distributor / exhibitor the shown data is now limited to those belonging to that distributor / exhibitor. In the previous version all entries were shown, with only data for those belonging to the distributor / exhibitor.
MB - P.B.	013334	Enh.	Booking Report	ALL	When selecting a Title Top X for a specific country, the data is limited to only that of the main country. When multiple countries are registered for a title, the main country is the country with the lowest sortorder.
